Bread is Your Best Food—Eat more of it.

LAST SATURDAY marked the largest single day's business since we opened our store. If you are a customer of ours we thank you. It is quality alone that has made our business grow, quality, together with the fact that our customers are our best advertisers.

We expect to "live and let live." We do not expect to do all the grocery business in town for the public naturally looks with distrust upon the foolish ambition of any store or string of stores, that wants a monopoly.

We do, however, expect our business to continue to grow because of our prices and the quality of our lines.

Again we thank you for your liberal patronage.
